R. Rogers Herr

Production Manager

Here's to the man behind the scene who never lost his sense of humor in spite of the numerous and untimely mistakes made by the staff. We, the Class of '52, offer our humble thanks for the many hours he spent aiding us in producing this edition of the Cannon-Aid.

Class Directors

From the time we were green freshmen until we became sophisticated seniors, Mrs. Heintzelman and Mr. Haehnlen were the first persons consulted when a difficult situation or problem came up concerning our class. Through their patient help and guidance the situation became eased and the problem solved. Not only did they give of their time freely at a crisis but helped plan the program of class activities and then aided in the development of the program.

Fred P. Haehnlen — Anna B. Heintzelman

Dedication

To the 1952 football team of Gettysburg High School, we dedicate this edition of the Cannon-Aid. Not only have they been able to fight their way to the first undefeated season, but also gave Gettysburg High School their first conference title in twenty years.

This was made possible through the ideals of cooperation set forth by the coaches, Ross Sachs and Howard Shoemaker. We feel that this team has set a fine example of team work for us to follow through the years.

Choose the right goal and work honestly to attain that goal. But of first importance is the kind of life you choose to live. Material success is quite often not as important as it seems to be. The right goal is the one that will permit you to live at peace with your conscience.

L. C. Keefauver

Members of 1952

Your high school education should have taught you to live democratically with satisfaction to yourself and a profit to society, as a home maker, worker and a citizen. If it has done these things, you are well paid for your four years' work.

Each spring members of the Girls' Athletic Association are given awards, which are based on the number of points each member has accumulated by participation in the various sports. When a girl has acquired forty-five points, she receives a minor G; sixty-five points, a class numeral; and eighty-five points a major G.

Any girl who has been in G.A.A. for three years and has earned forty-eight points by the end of her junior year is eligible for membership in the cabinet.

These awards were earned under the old point system which has been revised this year to include the junior high.

Educated People Save

It is told that Indians of Paraguay plowed all day with oxen and then killed the oxen for supper. The primitive mind gave no thought to the morrow.

The habit of saving is the mark of the educated man and woman. Also, it is one of the privileges enjoyed in a free America.
